

Pray for people diagnosed with leprosy

Every 2 minutes someone somewhere in the world is told that they have leprosy.

That means that today, 720 people will be diagnosed with leprosy.

A prayer:

Dear Heavenly Father, I pray for those being told today that they have leprosy. Help them to cope with the physical and social effects that this news will bring to their lives. Comfort them in this difficult time, and help them to find you in the midst of their despair. Amen.
